Short&Sweet is dedicated to the exhibition, promotion and curation of short film and the talent behind them. Originally launched in London in 2006, the Short&Sweet movement continues to grow with established short film nights in Barcelona, Amsterdam, Cape Town, Johannesburg and Nairobi.

Submissions are open all year round. We accept:

- short films, short animations and / or music videos
- 2-15 minutes long
- old and new films

(we celebrate the medium with curated programmes, so no short film is too old for us -:)

Films are selected according to their originality, story-line (idea) and / or creative execution.

If your film has been selected for Short&Sweet, you will be notified over e-mail or phone with the date and location of your screening. You will have the opportunity to screen your film in more than one city over the next year.

Being selected to screen at Short&Sweet also grants you, the filmmaker, immediate entry into the Short Film Fund as well as a yearly Short&Sweet Artist membership.

Short&Sweet is committed to discovering new talent, exposing only the best in short film. We are invested in YOU, the short film maker and are dedicated to growing your career by connecting you with 'content needers' (see S&S Connect) and sharing your films with a global audience, online and at our events.
